HOW DO YOU LIKE YOUR STEAK?

Everyone has their own idea of how they like their steak and of course every piece of meat is different, requiring an expert touch to understand how the inside is doing by experience and intuition. To help us to get it right for you, this is how we interpret the degrees of grilling...

Blue: Lightly seared on the outside, red throughout - not for everyone!

Rare: A thin cooked layer on the outside of the Steak, then a hint of pink but mostly red.

Medium Rare: The cooked, pink & red layers are almost equal

Medium: The cooked and pink layers are equal, very little if any red

Medium Well: The cooked meat is now at least 75% of the Steak, only hint of pink

Well Done: Cooked throughout, no red or pink
